SLOGAN HUMBBUG?
ASKS CORK MAYORO'Callaghan Calls on U.S.
to Prove Truth of War
Declarations

WINDS UP TESTIMONY

Wants America to Recognize
Right of Irish to Free-
dom and Independence

WOULD REMAIN IN AMERICA

Files Petition for Permission
to Stay in United States
as a Political Refugee

WASHINGTON, Jan. 14.—Calling on the American people for proof that the declaration that the United States entered the world war to protect the rights of small nations was not mere "humbbug," Donald O'Callaghan, lord mayor of Cork, finished his testimony today before the commission of the committee of 100 investigating conditions in Ireland.

Michael F. Doyle, his counsel, announced that the lord mayor would "be in this country for some time," and at the service of the commission if needed.

In winding up his two days of testimony, the lord mayor asked permission to deliver a message from "the Irish people to the people of America."

Says Irish Deserve Freedom.

The Irish people, he said, "have done everything to show that they desire and deserve independence. They have elected a representative government, have recognized their commercial needs and obligations, and have conducted their affairs in a businesslike manner in spite of all difficulties. We have achieved much, but how much more could we have achieved had we been free."

Ireland has shown more unanimity than any other nation in the world in its fight for freedom.

"If America and the other free nations of the earth force Ireland to realize that the pledges made before the war, for which men died on the fields of Flanders, were humbug, the English already have forced Ireland to see, we will be annihilated, but with the knowledge that we have fought a noble fight. We will continue the fight, be the result what it may."

Asks Right to Stay in U. S.

Completion by the lord mayor of his presentation of conditions in Ireland was followed by a few hours later by submission to Secretary of Labor Wilson of a brief, arguing that the Cork executive, now in the United States on parole, should be permitted to remain here as a political refugee, entitled under the law to assistance without a passport.

The brief was submitted through O'Callaghan's counsel, in accordance to a ruling of Secretary Wilson at the preliminary hearing accorded the lord mayor several days ago.

Secretary Wilson is expected to reach a decision in the matter of permanently admitting O'Callaghan tomorrow, after studying the briefs.

Peter MacSwiney Testifies.

Mayor O'Callaghan was followed on the stand by Peter MacSwiney, brother of the late Lord mayor of Cork, and a fellow stowaway with O'Callaghan, and by four sailors of the American steamer Westcannon which brought the stowaways to Newport News.

Emil Pezolt of Oakland, Cal., one of the sailors, declared that he was robbed of his money, passport and other personal possessions, taken almost into money and then threatened with death by a detail of British soldiers on the streets of Cork, December 11, while the Westcannon was in that port.

Texas Oil Man Held
on Charge of Forgery

DENISON, Texas, Jan. 14.—George E. Kadane, prominent oil man of Wichita Falls, was arrested here late last night on the instigation of parties from Arkansas on a charge of forgery by Deputy Sheriff Remirez. Kadane is charged with having signed the name of a prominent financier of Denison to certain papers without his consent, assuring the payment of a balance of \$160,000 on a \$240,000 oil deal, according to Griffin Smith, a newspaper man of Paragould, and R. P. Taylor, an attorney who secured the arrest of Kadane.

A requisition for Kadane's return to Arkansas has been honored by Governor Hobby, but Kadane was released on a writ of habeas corpus early this morning.

FIND FOOT, MOUTH REMEDY

PARIS, Jan. 14.—A serum for the prevention of foot and mouth disease has been discovered by a committee of French experts, but it is impossible at the present time to manufacture the serum in sufficient quantities to inoculate all the animals in the world.

The serum is composed of Prof. Roux, Neard, Carre and Wallace, which was formed at the request of parliament, and will submit its report to the ministry of agriculture shortly.

Professor Vallee, discussing the disease today, said that the microbe was isolated from the microscope. It being so infinitesimal that it passes through a porcelain filter which heretofore have retained all known bacteria. The virus used in the manufacture of the serum can be obtained only from the diseased parts of affected animals, namely the mouth and feet, and is very small quantities are available.

Packard Defers Dividends.

DETROIT, Jan. 14.—The board of directors of the Packard Motor Car company decided today to defer payment of dividends on common stock, which in the usual course of business would have been payable February 1. F. R. Austin, secretary of the company, announced.

Many Railroads
On Verge of Ruin
Executives Say

WASHINGTON, Jan. 14.—Increased rates granted railroads have failed to yield anticipated revenues and many roads are in a precarious financial condition, say some instances without funds to purchase supplies, a group of railway executives told the house commerce committee today.

Urging amendment of the transportation act to enable the carriers to obtain partial settlements for losses sustained during the six months guarantee period after government control ended, the delegation, which included Daniel Willard, president of the Baltimore & Ohio, and Samuel Reed, head of the Pennsylvania, told the committee that relief must be granted immediately if the transportation system of the country is to function effectively.

Chairman Clark of the interstate commerce commission also advocated amendment of the transportation act to permit partial settlement of the railroads' claims.

HUNDREDS BOW HEADS

Wide Attendance Upon Funeral

Speaks Esteem Oklahomans Held for Judge

"So it is not farewell, but goodbye, you true friend and goodly man; so goodbye, judge and seer; goodbye, counsellor and eloquent orator; we'll meet you in the morning."

With these words Dr. J. W. Abel, pastor of the First Methodist church, concluded his sermon at the funeral services of Judge Ralph E. Campbell, held in the First Methodist church at 11 o'clock Friday morning.

The church was filled to its capacity by former friends of the judge who were present to show their respect, veneration and love for one of nature's noblemen.

Dr. Abel took for his text Isaiah 3, 1-3: "For behold, the Lord of Hosts took away from Jerusalem and from Judah the stay and the pillar, the mighty man, the judge and the prophet, the honorable man and the counsellor, and the eloquent orator."

Event a Dark Cloud for State.

"It is a dark cloud for the state," "what text the pastor may choose this morning to accommodate itself to this service; he apprehends that the thoughts of his people have all been outstripped by his words, and gathered their solemn silence around the event which now casts its shadow over the entire state of Oklahoma and this community. We are not unfamiliar with these shadows, for all of us have at some time passed under the cloud; but when men who have climbed to the loftier heights of place and power are smitten by the tragic hand of death, it calls forth a profounder sentiment of sorrow."

"It has been said that a country's glory and its history are written in its great men, and it is right that they should have not only their monuments in the mute and icy marble but in the warm living hearts of men. This being so, we come this day to give our offering of love and admiration to that which God has made so fair, so wonderful in capacity, so lofty in the realm of the spirit."

REDS AFTER P. O. JOBS

Seek to Get Into Postal and Express Service in Order to Push Their Propaganda.

WASHINGTON, Jan. 11.—Postal officials in this city were warned today by the federal department of justice that the united communist party had issued orders to its members to obtain positions in the postal service as carriers and sorters and with express companies in any capacity possible, as a move for extending their propaganda.

The united communist party, the message from the department of justice said, is supposed to have been formed from a merger of the communist party of America and the communist labor party of America.

"Both of which are affiliated with the third international at Moscow," Postmasters were requested to exercise great care in ascertaining the loyalty of persons applying for suitable positions or in recommending promotion of substitutes to regular positions.

"Regular employees who are not loyal or who are not in the law and regulations governing the postal service, should not be retained," the department of justice said.

Blind From Alcohol
Gets \$30,000 Verdict

CHICAGO, Jan. 14.—Blindness caused by wood alcohol was the ground for a verdict of \$30,000 damages returned in circuit court today in favor of Sam Greenberg.

The award, which was said to be the first of its kind in Chicago courts, was against the saloon partnership of Cohen and Aiken.

GLEAVES TO INQUIRE

Admiral to Sail for Vladivostok, From Manila, to Get Facts in the Case

JAPS WANT TO PAY FAMILY

Will Offer Indemnity to Dependents of Lieut. Langdon, Washington Report

WASHINGTON, Jan. 14.—Despite Japanese assurances of regret and precautions to prevent a recurrence, a thorough investigation will be made by the United States government of the killing of Lieutenant W. H. Langdon, American naval officer, at Vladivostok by a Japanese sentry.

Admiral Gleaves, commander-in-chief of the Asiatic fleet, reported to the navy department today from Manila that he had appointed a court of inquiry "to investigate the circumstances surrounding the death of Lieutenant Langdon." He added that he, with members of the court, would leave Manila next Thursday aboard his flagship, the troop transport Huron, for Vladivostok. Officials here in the meantime will await the findings of the court and an answer to the note dispatched last night by the state department to the Japanese government. The note requested an official explanation of the affair and suggested that the Japanese government make adequate reparation for the killing of Lieutenant Langdon.

Renewed assurances of regret over the affair came today from the Japanese government in a note submitted to the state department through Baron Shidehara, the Japanese ambassador.

His note also indicated that the Japanese government was desirous of preventing a recurrence of such a happening and other dispatches announced that the Japanese military authorities at Vladivostok had been instructed not to challenge American troops in the future. Admiral Gleaves reported that the Japanese authorities had informed the commanding officers of the cruiser Albany, to which Lieutenant Langdon was attached, that they also would convene a court of investigation.

The note transmitted to Tokyo last night was more comprehensive than a mere inquiry into the killing of Lieutenant Langdon. It is understood that it questioned the right of Japanese soldiers to challenge Americans in Vladivostok and insisted upon such alteration of the Japanese attitude as to make impossible a recurrence of such an incident.

Not the First Incident.

The note is said to have reminded the foreign office at Tokyo that this was not the first unpleasant encounter between Japanese and Americans and to have alleged that in a majority of the cases, according to information reaching the state department, the Japanese appear to have been the aggressors.

It was understood that the Japanese government would take steps to obtain indemnity for the state's dependents, as is the custom among nations in such affairs. Secretary of the Navy Daniels said today that he did not know of any law which would entitle the state to obtain positions or in recommending promotion of substitutes to regular positions.

"Regular employees who are not loyal or who are not in the law and regulations governing the postal service, should not be retained," the department of justice said.

Senator-Elect Vastly Improved Physically by Jaunt to Panama

HAS GOOD FISH STORY

He Easily Put It Over House Colleagues in an Angling Contest in Gulf

Special to The World.

WASHINGTON, Jan. 14.—Congressman John W. Harrell of Oklahoma came back to Washington from Panama tonight vastly improved in physical condition, heavier than when he sailed, and with a good fish story.

The Oklahoma senator-elect went to Panama to inspect the canal, it being contemplated that he is to be a member of the canal committee when he takes his seat in the senate.

While in Panama, Judge Harrell brought home by the party, Congressman Tom McKeown, of Oklahoma, however got the record for a single catch, landing one fish weighing 44 pounds. He has been completely out of a week going and a week returning.

En route the party stopped at Port-Au-Prince, Haiti, but an epidemic of smallpox prevented them making an investigation of the local situation by the United States marines.

At Panama, Judge Harrell was entertained by President Parro and also was especially entertained by the Panamanian congress.

Both Judge and Mrs. Harrell, who accompanied him, stood the trip well and neither was seasick at any time. Judge Harrell has been completely out of touch with Oklahoma matters while he took his first rest since his election to congress. He at once declared his work on his arrival here.

Judge Harrell also learned of the death of Judge Ralph E. Campbell on his return here. He expressed deep regret. "I regarded Judge Campbell as one of the best friends I ever had," Judge Harrell said. "His death is a great loss to Oklahoma."

TURN OUT THE GUARD!

"King Henry VIII." Hurt in Automobile Accident, Surprises Hospital Attendants Here.

"King Henry VIII" visited Tulsa last night.

At least that is the opinion of nurses at the Tulsa hospital. A man was brought to the door of the hospital in an ambulance about 9:30 o'clock, but when the ambulance stopped the "patient" who had been supposedly injured in an auto accident at Sixth and Main a few minutes before opened the ambulance door, walked into the hospital, turned about and started for the door when stopped by one of the nurses.

"What's your name, and where are you hurt?" she asked.

"I'm not hurt," the "patient" replied, "and my name is—Henry VIII." The injured man paid his ambulance fare, and took a street car to town.

The accident in which the man was thought to have been injured occurred when a bus, driven by Billy White, Fifth and Elgin, was struck by a South Main street car. The auto was badly damaged and one of the passengers was apparently injured. He was loaded into an ambulance in a dazed condition and told officers that his name was "George." When he arrived at the hospital he was apparently unhurt except for a scratch on his face, according to nurses.

HURLEY WINS HONORS

Tulsa Awarded Distinguished Service Medal for Exceptional Work.

Special to The World.

WASHINGTON, Jan. 14.—The war department today awarded a former citation on Patrick Hurley of Tulsa, formerly lieutenant colonel in the judge advocate's general's office and in a new citation awarded the distinguished service medal to Hurley.

"For exceptionally meritorious and conspicuous services assigned as judge advocate, army artillery, first army, he rendered services of marked ability, performing, in addition to his manifold duties, the duties of adjutant general and in spectator general later, and in advocate of the sixth army corps, he ably conducted the negotiations arising between the American expeditionary force and the Grand Duchy of Luxembourg, wherein he displayed sound judgment, marked zeal and keen perception of existing conditions. He has rendered services of material worth to the American expeditionary force."

6-Year-Old Boy to Be Star
Witness for State Against
Four Ramona Bank Robbers

By Associated Press State Wire.

MUSKOGEE, Jan. 14.—John D. Leary of Ramona, Oklahoma, appeared in the United States district court here today, in answer to a subpoena as the "state's star witness" against four men accused of robbing the Ramona State bank the third of last March.

"Mr. Leary," the clerk called, and a boy, six years of age, came forward. The lad, who came from Ramona with his father, is the owner of Liberty bonds taken from the bank and which the government charges were found in the rendezvous of the accused men when they were arrested.

The boy will be placed upon the witness stand tomorrow, the district attorney's office said. Adjournment of the court because of the funeral in Tulsa of former Federal Judge Ralph E. Campbell prevented the taking of testimony today.

Fred Bernhard, Earl Thayer, George Patton and George Dunn, the four men on trial, are accused of blowing the safe and robbing the Ramona bank of \$49,000 worth of Liberty bonds, war savings stamps and money orders.

All of the Liberty bonds stolen were the property of John Leary, whose father is district superintendent of large police courts party at Ramona. Although court officials would not reveal the amount of Liberty bonds involved they made a prepossession of the bonds when placed upon the court bench today.

The bonds, a large amount of war savings stamps and money orders, together with considerable money tied in handkerchiefs, were recovered when federal officers raided a house in Salinas and arrested the men.

The specific charges against the four men are robbing state deposit boxes turned over by the government and of altering Liberty bonds for resale. The young witness will be asked to identify the bonds and testify tomorrow as to changes made upon them.

The government attorneys frankly confessed surprise when the boy appeared in answer to his name. They had expected a man as their witness, they said.

WASHINGTON, Jan. 14.—Secretary of War Baker, under a resolution passed by the senate late today, is directed to cease recruiting until the size of the army has been reduced to 150,000 men. The resolution was passed over the protest of a majority of the members of the senate military committee.

After adjournment Senator Phelan of California, democrat, notified Vice President Marshall he would move tomorrow for reconsideration, on the ground that the senate had not been fully advised concerning the objections of General Pershing and Secretary Baker to the reduction.

Should Senator Phelan fail in his endeavor to bring about reconsideration, the resolution will go to the house.

Chairman Wadsworth of the military affairs committee did not ask for a roll call on the resolution, because the senate a few minutes before by a vote of 34 to 28, adopted a motion of Senator Lenroot, republican of Wisconsin, fixing the army's maximum limit at 150,000, thereby rejecting the committee's proposal to make the figure 175,000.

This vote was taken although General Pershing and Secretary of War Baker, at an executive session with the military affairs committee just before the convening of the senate, objected to any new cut in the size of the army. General Pershing suggested 200,000 as the minimum limit.

Senator New, republican of Indiana, a member of the military affairs committee who introduced the original reduction resolution, declared that he did not consider the 150,000 limit "either expedient or safe," while Chairman Wadsworth, republican of New York, declared that it was a very drastic reduction of our military establishment.

BULLETIN.

FORT WORTH, Texas, Jan. 14.—One man was instantly killed and another probably fatally injured at 10:45 o'clock tonight when an automobile turned over on the Lake View road, one-half mile from town. Possession of more than \$800 in currency, one dollar bill of the federal reserve bank of Dallas, lead officers to believe the car was the property of the robbery of the Jackson street postoffice in Dallas tonight.

DALLAS, Texas, Jan. 14.—Three men were shot, two probably fatally, early tonight by six automobile bandits who held up the Jackson street postoffice. All of the injured are mortal enemies. The bandits escaped after a thrilling fight. Postoffice officials declare the robbers made way with a small pouch, but declared they did not know whether it contained first or second class mail matter.

Four other clerks, who engaged in the fight, declared that the robbers held them at bay with revolvers while they jumped into a waiting automobile.

One of the robbers told a clerk who attempted to jump on the running board of the car to "back up." The driver sped up the automobile, headed down Jackson street and the trail was lost in the traffic.

The Jackson street station is across the street from the Union station, which was crowded with people when the robbery occurred.

The injured were rushed to the emergency sanitarium where doctors declared they held but little hope for the life of one of the victims.

Election Frauds
In Gotham Rival
Scandal of 1917

NEW YORK, Jan. 14.—Investigation of alleged election frauds in this city last November, has revealed a scandal rivaling that of the primary campaign of 1917, it was said today, when it became known that the total number of persons indicted by the August grand jury was nearing 50.

In one instance, it was charged, 109 ballots cast for Governor Miller were transferred to former Governor Smith. In another district ballots were mutilated and destroyed, while in others socialist candidates were alleged to be cheated out of 150 votes.

While indictments have been returned against more than a score of election officials, including Patrick Harden, employed as a process clerk of the state attorney general, many of the men have not been arrested because they gave fictitious names and addresses.

WALLACE ACCUSED

Thriving, Pauls Valley Man Informs the Senate

By Associated Press State Wire.

OKLAHOMA CITY, Jan. 14.—Declaring that W. R. Wallace, state senator from Pauls Valley, had failed to fulfill his duty in assisting to the best of his ability in making just laws, that he had "made false charges and false statements on the senate floor" and had "imputed dishonesty and corruption to the fellow members of the senate," Senator Clark Nichols, democrat of Eucla, introduced a resolution in the upper house calling for the censuring of the Pauls Valley senator.

Nichols charged Wallace with corruption and dishonesty in the senate for his own personal gain.

Wallace also is charged in the resolution with "wasting the valuable time of the senate to advance himself" and of making charges "for the sole purpose of getting headlines in the newspapers."

Wallace quickly answered.

While in the district office, Wallace sprang to his feet and asked to be recognized. The chair, however, refused to give him the floor until Nichols had completed.

Wallace declared the nearest of paper which he said was proof of his statements that "corruption" existed in state departments, Wallace vehemently declared he would continue his drive for an investigation of every state officer or department that "breathed of corruption or graft."

Says He Has Proof.

Senator Wallace declared that he had proof to substantiate his assertions and that "it would be given in executive session." He added that nothing would alter him "in getting to the bottom of the corruption."

The text of Senator Nichols' resolution follows:

"Whereas, the people of the 19th senatorial district elected W. R. Wallace to the senate of Oklahoma for the purpose of assisting to the best of his ability to make just laws and in conducting the affairs of the state in a dignified manner; and,

"Whereas, Senator Wallace has betrayed his party, which elected and trusted him by conniving with actual enemies of his constituents and attempting to aid them in securing control of the election machinery of the state in order that they may dominate the normally democratic commonwealth; and,

"Whereas, he has made false statements about and imputed false motives to the governor of the state, both on the floor of the senate and in the newspapers; and,

"Whereas, he has made charges against the departments of the state government and imputed dishonesty to said departments; and,

"Whereas, he procured and accepted pardons from the governor and the acting governor while a member of the senate and imputed dishonesty on the floor of the senate to fellow members for doing the same thing in a lower degree; and,

"Says Wallace After Publicity.

"Whereas he has imputed dishonesty and corruption to the fellow members of the senate, not for the purpose of benefiting the senate, but for the sole purpose of getting notices for himself in the newspapers; and,

"Whereas, he brought the attention of the senate and the newspapers to his false and frivolous charges against two members of this senate, asking that they be removed without trial; and,

"Whereas, he plotted against the interests of the state and the people of the state by holding midnight caucuses with Jim Harris and in Oklahoma City on the eve of convening of the present legislature, with L. G. Dineen; and,

"Whereas, by his aforesaid acts he has lost the confidence of both sides of the senate and therefore destroyed his usefulness;

"Be It Resolved, that the local advisory committee of the senate be instructed to consider these charges and if in their judgment they see fit, that they recommend charges be instituted against Wallace looking to his trial and expulsion."

New Tax Proposal.

Tax of 5 cents for each dollar of assessed property valuation may be levied if the constitutional amendment introduced today in the house is adopted. This amendment was introduced by Senator Nichols.

NEW APPELLATE
COURT PROPOSED

Tribunal With 8 Judges
to Aid Supreme Court
Is Proposed in Bill

A MUSKOGEE PROJECT

Five of the Judges, Making
Up Eastern Division, Would
Sit in That City

Associated Press State Wire.

OKLAHOMA CITY, Jan. 14.—A court of civil appeals, to assist the supreme court, is proposed in a bill introduced in the house today by W. E. Dineen of Muskogee, Oklahoma City and Muskogee are made the meeting places for the western and eastern divisions of the court, respectively. The new court would have jurisdiction over appeals from all district and superior courts, appeals from county courts required by constitution to go to the supreme court. The new court would handle appeals assigned to it by the supreme court and have power to issue writs of certiorari to review proceedings.

Three judges would be appointed for the western district, and five for the eastern district, by the governor. Three are required to be of one political faith, and the remainder of the opposite faith. The salary is set at the same as that paid supreme court justices.

JUDICIARY BILL IS PASSED

House Approves \$13,000,000 for Law Enforcement.

WASHINGTON, Jan. 14.—The legislative, executive and judicial appropriation bill carrying approximately \$13,000,000 was passed by the house today and sent to the senate.

A provision for a \$240 bonus to federal employees was stricken out of the bill by order of Representative Blanton, democrat, Texas. The only other important change made in the measure was to increase from \$5,500 to \$7,100 the present judicial salaries, adding \$1,600 to the salary of the chief justice for enforcement of prohibition.

Close-up Sidelights From
State Legislature's Halls

By C. W. B. HINDS.

OKLAHOMA CITY, Jan. 14.—The closing of the second legislative week finds the two houses in regular session, although the senate appears to be operating on the skimming line, the opposing forces uncertain as to what may be expected.

Passage of the joint resolution by W. H. Woods of Parcell to extend the payment of law to March 1 was amended in the house on motion of Bailey of Snyder to June 15 and September 1.

This was the first legislative act of the session to have done this, and, one at least, provided that the election of judges be at a different time than for the selection of other state officials.

Another Judicial Proposal.

Representative Clint Graham has a judicial measure that can be considered local in nature, as it pertains only to the Eighth and Fourteenth judicial districts, adding an extra judge to the first named district, as well as Murray county. The eighth district would comprise the present counties of Murray and Love and add Murray, and one judge, one of the judges to be named by the governor county nominating district, the other by the nominating district comprised of Love and Murray counties, as is now true by courtesy in the senatorial district comprised of the same.

The Fourteenth district would lose Murray and be left with the counties of Cleveland, Garvin and McClain. This measure is the first Gerry-mander opened at the session, it is at least so designated that the names appear without any party designation—in truth party faith can not be
